Number 8

AIPA BULLETIN--Published first week of the month. 12 issues per year.
MEMBERSHIP-- \$3.00 per year.(Entitles one to monthly bulletins,report forms,Membership Card & Miscellaneous items.) Payable to President.
Canadian Membership \$3.50. Foreign membership \$5.00. (higher Postals)

Editorial... By Art Collins.

Another AIPA National Convention has come to pass and a real good time was had by those who attended it. Our thanks to the Spaulding family of Cardington, Ohio for their efforts and hospitality. We had a good attendance, good weather, some E-Skip thrown in too for good measure. A phone call from Frank Hill and one from Don Ruland was welcomed. There was tape recorders (3) going and soaking up much of the activities. A Tape sent there by Ed Hepp was enjoyed by all. I have sent the seven inch reel of Tape "1959 Convention" is in route now.anyone can request this and send it on to the next one. We have four offers for next years Convention spot... Gallipolis,Ohio. Fort Wayne,Ind. Augusta,Ga. and Chicago, Ill. Now, we shall leave it up to you where you want it. Please drop a card here and state you desire. Location is very important so as to draw the majority.

Next in line is the AIPA TV-DX articles that appeared in TV-GUIDE and ELECTRONIC ILLUSTRATED. They were well written and our many thanks to Tom Hidley for his story in ELECTRONICS ILLUSTRATED. The TV-GUIDE article is the work of our good Vice Pres, King Schafer.It also was well written and the four basic points E Skip, MS,Trops,F2 was King's genius. Our hats off to those two boys,and many thanks.(Yours Truly had only a little hand in the matter and that being to land the Magazine to get it in.Hi !) The response is overwhelming as a result of these articles, about 400 at the present time and still coming in. I hope my prediction of 500 holds up. five new members in now as a result and they will continue to come in too. I'm hoping for at least 75 new members out of it.

We have incorporated a new column--"Southern DX". this was brought up at the convention by John Broomall and is a good idea. Donald Ruland -834-8th St. Holly Hills Fla. will handle the column DXers in Kentucky,Virginia,Tennessee,No.Carolina, So.Carolina,Georgia, Florida,Alabama,Mississippi,Louisiana,& Texas will send their DX reports to Donald. This goes into effect with the Sept.issue.....

Welcome to the following new members--

John F. Campion 700 N. Clinton St. Gillespie, Ill.
Frederick F. Spaulding RR3, Annapolis, Md. (Box 91)
Jimmy Fitch 221 W. Lexington Richmond, Missouri.
Mrs. W. E. Burritt 762 Waterloo-Geneva Rd. Waterloo, N.Y. (Hi! Dee)
Ray Foster Jr. 1507 Forsythe Ave. Monro, La.(thanks Dee)
Gus Hill 1978 Westfield Dr. N. Columbus 23, Ohio.
Joseph Gallagher "Camp Woods" Newtown Rd. Villanova, Pa.
RE NEWALS... are Don Roller of Fort Wayne, Ind. (Thanks for '59
Barney Rauch of Peoria, Ill/ (get well soon Barney) offer)
John Cody Middletown, Conn.

Due to the lack of current time and a round of ill health, our good friend Barney Rauch will no longer be in a position to conduct this column as in the past. I realize this will disappoint many of you, but things just happen that way sometimes. Let us then highly remember all of the usefull data Barney has given forth with, and wish him our best in health and dx. You did a great job Barney-thank's a million!

As said in the past, this page #2 position in our bulletin is as old as the AIPA itself. The columns presented have been under many headings, "Special Features", "DX Data" to recall two. The basic format has always been about the same: To present usefull information on dxing equipment, wave propagation, to the AIPA members in a honest and direct fashion. In other words a helping hand into the sometimes complex and involved world of TV-DX that is complex in entering, but rewarding upon admission.

We must now consider a new editorship for this page. If you have a few extra moments of time once a month (or can manufacture some like most AIPA editors), can use a typewriter, and have sources of required data, then I suggest you contact Art as soon as possible. If the Sept. column can be the new editors start, it will lighten the load here quite abit. It would also be wise for those who don't allready have a column to apply. The amount of effort required on this writing alone, would make other bulletin work almost impossible. So think it over, and write Art as soon as you can.

I would like to suggest to the new editor that basic articles on DXing itself, antenna lore, receivers, etc. be first presented in order to assist the several new AIPA'ers who need this data in order to get their DX plants going. I know they will appreciate this.

Lastly thank's again to Barney, and please don't forget to write Art if you want this page.

Best Dx & 73's
King

In addition to the carry over from the front page on new members and renewals.... Out of the articles comes the following new members,
 Denis Wampole, RD#1 Green Lane, Pa... E.C. Games, PO Box 46 Lake Hughes Calif
 Art Friese Jr. 108 N. Kensico Ave. White Plains, New York.)
 Robert Haas (Haas Radio & Co.) 101 W. Main. Hoopeston, Ill.
 Rev. T.R. Sniegowski. St. Francis Xavier. R.F.D. #2. Conklin, Michigan.
 Frank Briggs. 6316 S. Richards Ave. Tampa 11, Florida.
 Gordon Lee Small. 503 East Vine St. Fort Branch, Indiana.
 Kenneth Moses. 310 West A. Street, Newton, N. Carolina.
 A Re-newal in from Frank Wheeler Box 176 RD5, Erie, Pa. Welcome Frank

We are in wonder about the "Co-Channel Interference" by Bedford... Perhaps Bedford is very busy or ill as we have not heard from him?

To continue this column, may I beg my good friend ED HEPP of 4512 N.E. 37th. Portland 11, Oregon to help out on this for a while ? Mail

your mystery un-ID's etc. and please make it only something of common sense mysteries that can answered possibly.... NOT something like, "See Arthur Godfrey on ch 2 setting at a desk at 9:15 P.M." Hll

Ed, If this is going to up-set the apple cart for you-write me and I'll see that something else is done about this column. Bedford write me.

King or Art.

(The magazine articles have brought in nearly 500 letters and cards. and still coming in....) Watch us GROW !!!!!!!!!.

First off, lets inform our Canadian TV Viewers and those you can receive the Canadian TVs that carry the "TABLOID" program. An evening program originating out of CBLT ch 6 Toronto, Ont. Canada at 7:00 P.M. EDT. and carried on five Eastern Cities, Montreal, Quebec, Ottawa, Port Arthur & Toronto. Then at a later hour am sure it goes on to the West over Vid. Tape or Kinescope Network, to try pick up that program on Wed. evening Aug. 12th. I received a long distance phone call from CBLT and was invited (as was Bob Seybold and King Schafer) to appear on TABLOID in connection with TV-DX, and the AIPA..... We're going to give it a whirl and hope to enlarge our Canadian membership.

APPLICATIONS.

Ch 3 San Angelo, Tex. 30.2-15.1 Kws.

.....Mis'l News.....

KSPR-TV Casper, Wyo. may go dark July 22nd. (Their am Ch 6)
Ed Hepp tells me KHTV ch 27 Portland, Ore went on the air July 6th.
WFAM-TV ch 59 Lafayette, Ind. is off the air.
KDPS-TV (Ed) Ch 11 Des Moines, Iowa. left the air until Sept 14th.
WNED (Ed) Ch 17 here in Buffalo, N.Y. left the air until Sept also.
KULR (Ed) Kalispell, Mont. now dark. (There are now 43 Educational on)
WOWU ch 33 Champaign, Ill.....(add# this to your list.)
WENH ch 11 (Ed) Durham, N.H. reported on the air by John Cody.....
WGR-TV ch 2 Buffalo, N.Y. now at new location, full power, higher tower.
WINR-TV ch 40 Binghamton, N.Y. seeking a VHF channel, 4 or 9
WAFB-TV ch 28 will go to ch 9 at Baton Rouge, La.
Ronald Boyd of Nova Scotia reports a CBYT operating in Cornes Brook, Nfld. since late June or early July. As for Channel- /????????
Government policy of one station to a City in Canada (Except where one English and one French speaking) is ended. There will many applications now for others in Canadian Cities.....and plenty!
KFJZ-TV ch 11 in Ft. Worth, Tex will soon go on ch 2 there. (another skip Sta)
KJEO ch 7 in Fresno, Calif. asking permission to operate on ch 2.
WTOH-TV (ch 79 permit) asking for ch 5 there.
KEMT (TV) once operated ch 31, Beaumont, Tex. is in line for ch 12 there.
KTVI (TV) ch 2 St Louis, Mo. now on their new 1,049 foot tower - old one blew down due to a Tornado this Summer. (They're up in power too.)
KTLE (TV) Pocatello, Idaho to under go Antenna changes, Power etc and the reason I leave this to last is --Our good friend and Editor Ed Hopp of Portland, Ore is going to Pocatello, Idaho to be an employee of a Radio Station there. Announcer, Disc Jockey, Transmitter work etc...
Great going Ed and LOTS of LUCK to you from all of us.....
Our IDX Editor Gordon Simkin is now located at Idaho Falls, Idaho.
*** Until you see us on "Tabloid" Wed. Aug 12th...So Long.

Art Collins.

"Rank Column"

compiled by Walter W. Spaulding

To begin with I want to thank everyone who attended the convention here at my place. The ones who attended were as follows. Art Collins, Bob Seybold, King Schaffer, Donald & John Voegelé all of N.Y. also Richard & William Nieman of N.Y. state. Carter Bays Culver Ind. B.J. Bingham Festus Mo., John Broomall Augusta, Ga. Bill Eckberg, Walnut Ill. Thomas Hidley Chicago, Ill. Ed Prond, Chicago, Ill. Wm. Palmer Medina Ohio H. Apley Akron, Ohio Don Roller Ft. Wayne, Ind. Would of been 4 or 5 more but due to illness and transportation problems they were not able to attend. We also were glad to have heard from Frank Hill and Donald Ruland by telephone. All in all we had a good time and I think we had a very good day for DXing only one skip station on Saturday but Sunday we had a very good day. Infact I got 9 new station. Station received were as follows. KMID 2 KCKT 2 WESH 2 WGBH 2 KNOB 2 KTVI 2 KDIX 2 KOA 4 KCSJ 5 KFDX 3. On Sunday by ground wave in a half hour we had 7 different states. I wish again to thank everyone who attended and wish that more of you could have been here.

Have a couple listing of members DXing records as was made last year Frank Wheeler from Erie Pa. report as follows

Total Stations 124	Total veries 115	Total States 29 and D.C. 1
Total Provinces 6	Total Countries 3	
Best 2-6 KRCA-TV 4	2117 Miles	7-13 WBKB-TV 7 405 Miles

Last month's contest WINNER is Bill Eckberg, Walnut, Ill.

This month's contest WINNER is Bill Eckberg, Walnut, Ill.
Nice work Bill two months in a row.

I had a swell time at the convention and I met many of my fellow Dxers. It was agreed at the convention that stations should not be reported unless over 250 miles. (VHF). Bill

FEATURE OF THE MONTH THE 1959 AIPA CONVENTION

The 1959 AIPA convention was held on July 11-12 at the home of AIPA Board Member, Walter Spaulding, in Carlington, Ohio. The big feature of the convention, of course, was meeting fellow AIPA members for the first time, looking at each other's photos and verifications, and exchanging DX information and opinions. Everybody present was photographed, tape recorded, or both. (The only thing that they didn't do was finger-print the members present!!!)

The weather was fine - both the Troposphere and the ionosphere. The unexpected, though quite welcome, appearance of Es was the real highlight of the convention. These openings, the best openings Walter Spaulding has ever seen, brought him nine new stations to bring his DX log to 81. Saturday the 11th brought in WUBH2. On Sunday the skip brought stations from Florida (WESH2) to Texas (KMID2) to Nebraska (KNOP2). The topser was KCSJ5 in Pueblo, Colorado. Art Collins and Thomas Hidley took pictures of the DX with their Polaroid cameras. Anyone who did not come fast when the Es hit got left on the back row because the crowd was so thick around the TV set. For a complete report on the DX logged, see the report section.

The following 17 AIPA members attended the convention this year; the New York group, Art Collins, King Schafer, Robert Seybold, Bill and Richard Nieman, and John and Donald Voegele, arrived Friday night. On Saturday the following arrived: Bill Eckberg, Ed Prond, and Thomas Hidley and his wife from Illinois; Larry Ve-horn and Carter Bays from Indiana; B.J. Bingham from Festus, Missouri; and William Palmer and Walter Spaulding our convention host, from Ohio. On Sunday morning H.E. Apley and his son, arrived from Akron, Ohio. Also, yours truly, John Owen Brocmall, arrived about the same time from Augusta, Georgia. Altogether, 31 persons were present including friends and relatives.

WOULD YOU LIKE TO HEAR THE CONVENTION? For the benefit of those of you who were unable to attend the convention, a special tape recording was made. About ten of the members present are interviewed about their DXing activities, how they first got interested in DX, etc. For those of you who do not have tape recorders we have had a 33-1/3 disc made from the tape. We wish to thank Mr. Bob Koolage of WMAC for making the disc at cost for AIPA.

Actually there are five copies of the convention - two discs and three tapes. Art and I both have personal copies of the tape; Walter Spaulding, the convention host, has one disc. The other disc or tape are available for YOU to hear! Write me and I will send it. Postage for the disc is the only expense involved.

Art Collins made another convention tape which, I'm sure, he will be glad to let you hear. Also, if you have not yet heard the 1956 AIPA Convention tape you will want to. Write Art Collins about this also. Bill Nieman would be a good person to contact about convention photos.

SUMMARY - DXers LISTED 48
"AVERAGE" LOG - 122
During July a total of 25
AIPAers logged 213 new sta-
tions - averaging 8 apiece.

WHAT CONSTITUTES A VALID VERIFICATION ?

(Editor's note: I realize that this subject caused a great deal of controversy once in the past in the AIPA. Therefore, let me make it clear that I am giving my opinions with the full and complete knowledge, permission and approval of AIPA President, Art Collins. However, unless other wise, all opinions given are my own and not necessarily held by any one else in the AIPA, though I hope this won't be true.)

The following rules were decided upon to avoid possible trouble. All correspondence concerning the contents of this page is to be sent ONLY to John Owen Brocmail. No mention of this matter will be made of this matter in any other AIPA column.

Please send your comments and complaints to me. I will change my opinion upon the presentation of sufficient evidence and I will NOT get into a feud with anyone, so feel free to write. Selected "Pros and Cons" received will be printed next month here.)

What is your pet peeve in TV DXing? Is it poor conditions, low-band locals, or DX fading just before the station identification? None of these have to be avoided. Or does your peeve concern a situation which can be remedied such as unidentifiable test patterns (this will be discussed in a future column) or the "Thank you veries" sent out by some stations? The last one - "Thank you veries" is mine. They cause trouble for the station, the person who receives them - and the person does not. First let me state a few DX theories or principles which, I feel, you will agree with.

There are three reasons why I feel DXers try to verify their DX: 1. Prove to non-DX-ers that distant TV stations can be logged and that they have done it. (This reason is getting rare since TV DXing is getting so much publicity (TV GUIDE, etc.) Most people will either believe in TV DX without seeing veries, or will not believe even when they SEE a positive verie!

2. Collecting veries (as some people collect stamps, etc.) as "rewards" for logging the station. This is by far the most common reason DXers try to verify reception. Many of you probably consider it as a "side hobby" to DXing with 100% verification as the ultimate goal. Some DXers, I'm afraid, try too hard.

3. Determining whether or not a certain station was actually logged when the DXer is uncertain. I feel that this is the most important reason for veries so that I may know whether to add a station to my log. However, I do not know how many DXers send reports for this reason. Some DXers, I know, never send for veries unless they are 100% certain of the logging. (What about you? Do you send reports for reason # 3 ?)

Anything which proves your logging of a station is a valid verification. By the same token, anything which does not prove your logging is not a valid verification. Cards, letters, photos, tape recordings, etc. are all acceptable. The favorite form of verification for most DXers (myself included) is, I believe, photographic verification.

Verifications are not absolutely essential to the hobby of TV DXing although they are very nice. On this page I am assuming that all AIPA members are honest concerning veries. Since a dishonest person could easily get false veries a number of ways, a DXer's loggings should be believed whether or not his loggings are verified. I have logged stations which I could not possibly verify because the DX faded immediately after the station ID, yet I was positive of the logging. Hasn't this happened to you also? A DXer's word is to be taken even if he gets a false verie. One of our members was 100% positive of a DX logging yet the station said the report was incorrect because of a mistake they made! In the case of a tentative logging the station's word would be final.

A DXer can collect and keep "Thank you" replies if he wishes. So far I do not believe that I have said anything that you could disagree with. The next may be controversial.

ANY FORM "VERIE", CARD OR LETTER, WHICH HAS ALSO BEEN SENT OUT FOR INCORRECT REPORTS IS NOT A TRUE VERIE EVEN IF YOU ARE POSITIVE OF THE LOGGING EVEN IF THE STATION IS A LOCAL. If I send a false report on purpose to a "Thank you" station and get a "verie" identical to yours would you still call your a "positive verie"? If you collect veries for reason # 2 you should NOT include "Thank you's" in your verified totals unless the AIPA decides that all non-positive "Thank you veries" shall be called, "Class B veries". (More next month on this problem with suggested solutions and "Pro&Con" reactions.)

"AMERICAN IONOSPHERIC PROPAGATION ASSOCIATION "

Special Notice to new AIPA members.....

Aug.6,1959

If for the first time this month you are receiving the AIPA Bulletin, there may be certain aspects of our format which you fully don't understand as yet. Therefore, I hope the following will make certain points concerning the bulletin and the reporting of DX more clear to you.

You will notice there are three basic columns in the bulletin for listing of DX logged (received) during the past month or period. The primary concern is to submit your report to the editor early enough for publication deadlines (usually the 25th each month). If your report is received too late by the editor it will be processed the following month. As to where to send your reports, depends upon where you live. Starting this month, we have begun a new "SOUTHERN DX" a column that is described in the Editorial. Listed there are the states for this new column. If you live east of the Mississippi and are not in the listed states, then send your reports to the Eastern DX Editor. If you are west of the Mississippi, then mail your reports to the Western DX Editor.

Up to now we have been referring to DX reports of the SKIP, SCATTER, (MS) and TROPS, nature. you will notice there are columns in the bulletin dealing with other aspects of TV-DX. After looking over these columns, you may feel you have data that some of these other editors can use. Of course your submission will be welcomed and your data will be used whenever practical. The AIPA runs monthly two additional columns which you won't find in this month's issue. One is the IDX column which deals with foreign DX logging=F2 reception and propagation predictions. Gordon Simkin the IDX Editor is currently in the process of moving, but will be back with his interesting column soon. The other column is the CCI Column. It deals with the identification of unknown DX, of program or test pattern nature. This format will be back soon also.

It should be known however that in order to be an AIPA member in good standing, monthly reports, or any at all are not required. However if you have something to pass onto us please feel free to do so. The bulletin is only as good as everyone makes it.

Again on the subject of reporting DX.. we have available free of charge a report form or sheet which makes it easy to report your DX, saves you the bother of letters to the editor. It's very easy to fill out. (you don't have to fill it out entirely if desired). This form is mailed along with the monthly bulletin. If you want to be on the Report Form List just drop me a line, name & address.

We hope this above information has been helpful to you, and that your AIPA membership increases your enjoyment of TV-DX

Best DX & 73's
King Schafer.

To continue from the front Editorial Page.... a welcome to the re-natal of old AIPA ers.

Clinton T. Day of Westerly, R.I.

Carlton Howington. Uniontown, Ohio. (Carlton is now in the Army)

A good old timer is back with us. ED Rugel. Independence, Kansas.

Our good friend, Barney Rauch of Peoria, Ill. Editor of TECH NOTES has been on the sick list, will be back as soon as possible.

Art Collins.

NEWS IN BRIEF

KEN NEAL of Hamlin, Texas writes that from the middle of July to the last of July he and his folks went to North Carolina and Washington D.C. on a trip. He says it is very good to be back in the WIPA..and he hopes it will be a long time before he goes out again. We're glad to have you in the club again.

NEW LEAD R..RAY..of 1507 Forsythe Ave., Monroe, Louisiana. So glad to FOSTER..have you among us..send in your log for next month..to me..by the 27th of August..and some details about yourself..best of luck in the club Ray!

DE. IS..OF Wasco, California writes that they finally got the t.v. set fixed and since July 3, the dx has sure been popping in. Antenna needs some repair work too (le d-in) and then you'll be ready to start in good...then dx will be all gone for the summer Es huh? hi ...are enjoyed he ring your tape Dennis.

ED JIPP of Portland, Ore., is going to be some fun the first two wks. in August..going down to Cannon Beach, and set up his equipment to broadcast..via the power lines...to all in the near vicinity. Going to play lots of music...some A.B., of which he is very good, and all in all entertain the people around the beach area very much, I'm sure. I have personally heard some of his little non-commercial things which they play..like the "HUTCHY WALALIG LONSTON" and etc. Lots & luck Ed.

CONGRAT'S to our Pres. ART COLLINS and our V.P. KIM SCHULTER for their very interesting and just plain good article which appeared in the recent TV GUIDE magazine. We should get some new members out of this..or maybe this wrong. At least Art's sailman has been working extra hard lately..hi

CONVENTION

'59 ..tape arrived here this past week from Art..and see it was interesting to hear the voices of all those guys up there. I really enjoyed it. W. Spaulding really went all out for you fellows, I hear...must be a real swell guy. Tape is on its way to Ed Albright, Charles Todd, Gordon Smith, Dennis Smith, Ron Hildner, Tom Midley, and back to Art..I think..so if YOU want to hear the tape..if your name is not listed above, write to Art..and he'll see you get it..CkZ It's a 7" reel..7 1/2 IPS.

RON BOYD of Nova Scotia writes that he sure wishes he could get some of the double bones which were logged in this area. Wants to know if there was any particular time of day that they were received. No..some around 7 a.m. L.T some around 2pm and some as late as 10pm..just my old time. Three times he thinks he had traces of Cuba or Puerto Rico on ch.2 ~~xxxx~~ but very weak, and C&W was there also. Ron has close to 20 photos now. Tropa at over 400 miles on 5 dials in July compared to no loggings that distance in all of July of last year prove this is a very good dx year. The night of July 18 and 19 were the best with strong video from Boston on ch.4,5, and 7. He got a nice verie from WERV in Oldenburg -Steinkirken and they mentioned that last September there was interference there from a station in ALASKA....wow. Ron also notes that WGB in Quito, Ecuador is going to start telecasting in August..no ch. listed. Nice to hear from you Ron...don't take so long next time, hi.

"WHO SAW WHAT...AND WHEN"

BILL

GRANT.. WAY down there in Texas in the USAF writes that he managed to get in some fixing in June. To start with..June 9, WBAV-3/WUSH-2/WBTV-3/WGCP-3/WCC-2/WLND-1/WAV-3/KCKT-2/WBY-2/WBAZ-3/WBEN-2/WBAR-3. June 10, C-3/KCKT-2/KBYT-3/KOLO-3/KDAL-3/KOKA-2/KDRA-2/WBNC-3/. June 11, KDAL-3/WAY-2/WLT-2/. June 12, WLND-2/KBYT-2/KOLO-3/KBYT-3/KOTA-3/WOT-6/KHPL-6/WISC-3/KTVO-3/KOTA-3/WBA-2/WZO-3/WOT-6/KCKT-2/KBYT-2/. June 13, WBIL-3/WUSH-2/KID-3/KBYT-2/. June 15, WISC-3/WBA-2/WOT-2/KOTA-2/. June 20, WLND-2/KOLO-3. This was received too late to print last month.. Glad to hear from you..as always.

MORRIS
SCOTT..

our Middleton, Idaho reporter had a real good fix month for June...starting with June 6, KLID-2/WQAI-4/KCB-4/KBTX-3/KRLD-4 June 7, KLID-2/KBS-5/WQAI-4/KALD-3/KBY-4/KBYT-3. June 8, KTIV-4/KOLO-3/KBY-6 (MS)/KLO-3/WCCO-4/KDAL-3/KXJB-4/WDAY-6 June 11, WCCO-4/KXJB-4/CPET-3/WFF-4/KTIV-4/ June 12, KCKT-2/KXT-2/ (MS). June 13, KLID-2/WQAI-4/KACA-4/KGNC-4/WPAB-5/KBYD-6/KBTX-3/KBYT-6/KBY-4/KACO-4/ June 18, WOT-6/KBYT-2/KBYT-3/KOCO-5/ (MS)/June 23, KGNC-4/trops/unid ch.7 by me/KBYT-6 trops/ unid ch. 13, by me/ June 25, KPRC-2/KGNC-4/WLT-2/WAY-4/KACA-4/KOLO-2/WQAI-4/KCKT-2/KXJB-4/KVCO-2/. One new for this period...KBY-4. ...I'm sorry...also KBYT-6/KBY-6/KBTX-3. new,,new total 87.

KEN
NEAL.....

of Hamlin, Texas..WELCOME KC F!! Ken used to be a AIPA'r and has missed the old gang so much..here he is again..glad to have you back. He logged 10 new ones in June and his log now starts at 174. June 3, trops..KBYT-4/WFF-2/ and WWS-8/KOCO-5/ June 5, CCK-2/WBYT-2/WBYT-2/WJ-4/WJL-6/KXLL-12/ June 6, KCKK-2/KBYT-4/WBYT-2/WBYT-2/WBYT-2/WBYT-2/WBYT-2/ June 7, CCK-2/KBYT-2/ June 8, CCK-2/WBYT-2/WBYT-2/WBYT-2/WBYT-2/ (last 3 on the 9th.)also on the 9th, WUSH-2/WCC-5/WBYT-2/WBYT-6 new WBYT-5/new/WQAI-4/WCC-5/WBYT-5/WBYT-3/WBYT-2/WBYT-4/WBYT-4/KXLL-2/mel0, KXLL-2/WBYT-2/WBYT-4/WBYT-5/WBYT-2/ June 11, WBYT-2/KXJB-4/KDIX-2/WBYT-2/WBYT-5/WBYT-2/WBYT-5/ June 12, WBYT-6/KORA-6/WBYT-4/WBYT-2/WBYT-2/ June 13, KBYT-11/WBYT-2/WBYT-2/WBAZ-3/WBYT-3/WBYT-5/ June 14, KBYT-12 new/WBYT-12 new/ June 17 KBYT-5 new/CJIC-2 new/WBYT-3/WBYT-6 new/WBYT-5/WBYT-4/CCK-2/ June 19, KBYT-2/KACA-4/WBYT-3/WBYT-2/WBYT-4/WBYT-2/WBYT-2/ KXGC-5/ June 20, WBYT-2/WBYT-2 new/WBYT-2/WBYT-2/ June 22, CJIC-2/ June 25, WUSH-2/WBYT-4/WBYT-6/WBAV-3/WBYT-2/WBYT-2 NORTH PLATTE, NEB./KCKK-2/KCKT-2/.

GORDON
SMITH...

of Idaho Falls, Idaho wrote to me in June and sent in his log report for the July issue..and I misplaced it..please forgive me...June 4, Es DX at 36 mc, / June 5, Es dx to 36mc. June 7, Es dx and KBYT-3, KBYT-3/and unid ch.3. June 10, tv-dx on all ch. except 3..but no ID's. June 11, tv-dx..no ID's. QRA-ch.6. June 12, Es dx with Wichita Falls IDing and actually QRLing his local ch.2...first seen this strong since 1955..dx on both ch.2 and ch.4 on top of locale..good enough to see the dx, but gone by ID time..match.. So sorry this didn't get in July bulletin! Lots of luck in the new job..and hope to hear from you soon..we miss your IDX column.

"WHO SAW WHAT...AND WHEN"

KEN
NEAL

OF Hamlin, Texas sends in a real big log for this month...with 9 new...starting with June 23, WGR-2/WJBK-2/TWJ-/WBBM-2/WSAZ/WJAC new/WBLN/WTHS-new/KTVU-2/KBOI-2/June 27, WESH-2/WTVJ/CMQ/CMBF/CMHQ new/CLH new/CMA/ June 28, WESH-2/WPTV/WUSH-2/CLQ/REAR/WDSU/WDBO/WCTV new/WSAV-3/WCSC-/WECT/WFBC/WBTV/WRAL/WCYB new/WJBK-2/XEW-2/ June 29, KDKA-2/WLWC/WESH-2/WTVJ/WSAV-3/WAIQ-2/WEDU/WPTV/KLRJ-2/KOTA-3/June 30, WESH-2/(KOTA new) WFLY-2/KXJB-4/KRCA-4/KNXT-2/KTVU-2...(San Francisco, Cal., NOT Salt L. City)KBOI-2/ July 3, WESH-2/WUSN-2/July 4, WJXT/WSAV-3/WDBO/WRBL/WLWD/TWJ/KSTP/KTIV-4 new/WMLJ-new/WMLJ/WBAY-2/WKZO-3/July 5, KSLA/KTBS-3/KTRK/KCMC/July 6, XEW/July 8, KNXT-2/KEYT-3/ July 9, WLAR-2/WESH-2/WFMY-2/~~WESH-2~~/July 10, WSB-2/KDAL-3/WKZO-3/KDIX-2/. (Please put down the ch. number next time, my memory isn't so good..hi) July 12, KDAL-3/WLAC new/LARA-4/KOTA-3/KDIX-2/KEYR-5 new/KXJB-4/ all in all a real nice report.. with the two new on July 12, added to the 9 new for the rest of the month...a nice healthy 11 new.

DENNIS

SMITH. OF down in Wasco, Calif., sends along his log..plus a tape, which was so nice to receive. Such a pleasure to meet (on tape) each and every one of you fellows via tape. Just wish more of you would..or could tape letters. Anyway..Dennis has 91 logged now with 8 new. June 27, KHQ-6 new/KREM-FM radio station new/June 29, KRLD-FM new/ KHPL-6 new/July 5, KRES-2/July 6, KCKT-2/KNOP-2 new/KTWO-2/KREM-2/KXLY-4/CHCT-2/ July 7, KRTV-3 new/CHCT-2/CFRN-3 new/July 8, KOCK-2/CHCK-2/July 10, KBOI-2/new/KREM-2/ July 12, KARD-3/KCKT-2/LPDX-3/ OP-2/KTWC-2/WBAP-5/KHAS-5/KDLO-3/KPLO-6 new/KDIX-2 new/KOOK-2/CHCT-2/KARD-3/KCKT-2/ July 17, KCKT-2/KARD-3. I hope to have the tape back to you by the time you get this bulletin. Thanks again Dennis.

JIM

DILLON. of Regina Sask, Canada, says.. "Poor dx from both our home and the beach location. " He has a new..(to him) 12" Zenith 1948 set which he uses at the beach. June 24, KJLV-8 tropa. and CFQC-8 tropa. July 7, CLAB-4 new loc 1 bringing his total up to 81 logged. Sure sorry to hear we have been keeping all the good skip out this way Jim...hope things pick up soon for you.

DEE

JOHNSON. (your editor) of Longview, Wash., thinks that ye ol skip did right well by me this past month. No complaints anyway!! June 26, KLRJ-2/KRCA-4/KTVK-3/KCKT-2/KLID-2/and hosts of unids. June 27, KLID-2/KROD-4/KRCA-4/KNXT-2/KCLA-5/KTVK-3/KEYT-3/KVOA-4/XEM-3/KLRJ-2/June 28, KNXT-2/ June 29, KTVK-3/KTVU-2/KREX-5 elide on ch.2/KVOA-4/KLRJ-2/KFBC-5/KTWO-2/KCKT-2/KNOP-2/KREM-2/KLID-2/ June 30, KLID-2/KDLO-3/July 1, KCKT-2/KTVR-2/KOB-4/KROD-4/KNOP-2/KTWO-2/July 4, KUTV-2/KOB-4/KCKT-2/KTWO-2/CKCK-2/July 6, KLRJ-2/KTVK-3/XEM-3/KNXT-2/KTVR-2/July 7, KLID-3/KCKT-2/KNOP-2/KVIT-2/~~KREX~~ KOTA-3/KOB-4/KFBC-5/KTVR-4/KDIX-2/KOOK-2/KHAS-5/KTVR-2/ July 8, KNXT-2/KCKT-2/KLRJ-2/KTVS-3/new/KLID-2/WLRZ-2 in for almost 2 hours at close to 2,000 miles/WLBT-3 new and varied/KTWO-2/KTVK-3, CKCK-2/. July 9, KNXT-2/KLRJ-2/ and week skip like..S. W. only. (Hawaii??)July 10, KOB-4/KEYT-3/KTVK-3/KVOA-4/KPHO-5/KLRJ-2/XEM-3, CBUT-2 at under 300 miles..just like skippy while XEM-3 was in by skip from the south...July 12, KUTV-3/KNOP-2/KFBC-5/KOA-4/XEM-KROD-4/KTVR-2/KOTA-3/KDUH-4/KUTV-2/KTWO-2/KDLO-3/ July 13, KVIT-2, KCKT-2/ July 14 unids on ch. 2 and 3.

Con't on next page.

KEYT-3/ July 24, KCKT-2/LA-3/KGNC-4/KMID-2/ July 25, unid on ch.
2,3,4,5, and 6. Ray mentioned that he received a station on
Jul. 24, ..a unid..ch.6 which signed on at 4:30pm PST and off
at 8:30pm PST..any help anyone???

EDDIE..OF Medford, Oregon logged 2 new this time..with only four days
ALRIGHT..of fixing..not bad huh? June 17, CCK-2/unid-ch.3 CBC/CKOS-3
new/ July 1, unid ch.2./KGNC-4/KTVR-2/KOA-4 tent./KNOP-2 new/
July 8, unid. ch.4/KTVK-3/ July 12, unid ch.4/KTWO-2...Wish you
could find ore time for fixing..but I guess you wish you could
too.

GORDON..of Idaho Falls, Idaho, sends in his first BIG log since he got
SIMKIN away from all those L.A. low band stations..and its good to see
it. Only along with it comes some bad news...real bad in my
opinion..he won't be able to write for the IDX column anymore.
At least this is what I think you meant Gordon..maybe I'm wrong?
I sure hope so..as you would be greatly missed by all if you
discontinue the IDX column... July 5, KCKT-2/ July 12, WBAY-2/WMT-2/
July 15, dx thru 102 Mc., 2-6 tv and fm. also KRLD-FM/KPRC-2/
KRLD-4/ July 16, KPRC-2/ July 17, KVOA-2/WECT-5/KARK-4/KCKT-2/
KCAC-6/KPRC-2/ July 18, KVOA-4/dx to 101.1mc.F /BAP-4/KMID-2/
con't next page.

"WHO SAW WHAT...AND WHEN"

GORDON ..July 18, WOAI-4/ELIS-6/unid. ch.6/KRLD-4/July 19, KPRC-2/July
SINKIN.. 21, KNXT-2/unid to ch.5.this ELIS-6 is what Gordon thinks
Con't. he heard..but there is no such listing in his book...?? Any
ideas anyone?? Gordon's job has such long hours ..hence the
reason for not being able to write for bulletin. He is Instru-
mentation Engineer, for Atomic International's Organic Moderat
Reactor Experiment...Best of luck in your new job, ..but you
will be greatly missed Gordon.

CHARLES OF Ashland, Oregon , logged fever double hops this month, but
WOOD....still did right well. First of all on June 30, KIEM-3/KVIQ-6
KVIP all by tropes; July 1, good tropes from the north. July 13,
brought the best tropes that he has ever seen in all his years
of dxing..with the following logged..KIRO-7/KPTV-12/KGW-8/KOIN
-6/KPIC-4 and KVAL-13/ch. 11 in San Francisco..new/also in late
in the evening were..KPIX-5/KRON-4/KTVU-2/KGO-7/KCRA-3/KHSL-12/
KOMO-4/ July 14, Good tropes /July 15, a strange type of QRM
was rec'd on all low-band chs. and several high band. I looked
like co-channel but it wasn't...this was aurora Charles.
Now for the skip: June 24, KOA/KTVR-2/unid ch.5/CKCK-2/KDUH-4/
KOTA-3/ June 26, KARD-3/KCKT-2/June 27, KGNC-4/KOA-4/June 28,
KOB-4/XEW-2 new/KGNC-4/KOA-4/KNXT-2/KTVR-2/ June 29, KCKT-2/
KARD-3/KOB-4/KOTA-3/KTVK-3/KDLO-3/KAVE-6/ also logged the Mont.
State police talking to Neb. S. Police in North Platte on 40-50
mc. band. June 30, KLRJ-2/July 1, KDUH-4/KGNC-4/KTVC/ and a
FM station at about 93 meg. from Amarillo, Texas..testing, any-
one got the call letters? July 6, KOB-4/KTVR-2/KOA-4/. July 7,
KOTA-3/KDUH/KGNC/KCKT/KDIX/CKCK/CKOS/new/KRTV-3 new/KEBB/CH??
-4 near Moosejaw, Canada new/ July 8, WWL-4/new/KTVK-3/KROD-4/
July 10, KTVR-2/KOA-4/KGNC-4/ and a unid ch. 9, definitely NOT
in S.F. or MS. July 12, KNXT/KRCA/KOB/KARD/KGNC/KOA/KDIX/July
15, KOTA/KDUH/KDLO/KWAB/ and a unid ch.2 with American Bandsta-
nd type program. July 16, KGNC/KTWO/KTVK/XEM/and unids on re/
bbt ears at friends house. July 17, unid ch.2,3, and a unid
ch.3 in the evening sponsored by a furniture col in El Merado..
KTVK?? July 18, KNOP/KGNC/KMTV/KTVR/and WOW/ and KTWO../also a
a CBS unid with sports with Harley Hanson. Charles also asks
me if I can help him ID a TP he rec's each morning ..with your
details..I am almost positive it is KTVU-2 in S.F. I get it
here too.. Also a tape just rec'd from Charles..not listened to
yet..but thanks alot.

ED HEPP..of Portland, Ore., has veries this month from WBBM-2/WWL-4/

Such a long report..but one to be very proud of Ed..that's to
be sure.

Ed Hepp has a suggestion, which I like very much..and will abide
by if I get some help from you guys out there. Please list exactly
how many miles away your longest loggings are when you receive them,
so that if you get a station over 1,500 miles I can list it..plus
the mileage..see how I did in Ed's loggings above. I think this is
a fine idea..but if you don't list the miles..I have not ~~not~~ usually
got enough time to sit down and figure out your mileage for you.,
so it's up to you, if you want it included..OK??

Very little NEWS IN BRIEF this time..sorry fellows, but we are
on vacation..and after writing up all the logs, I find my time is
about used up this month...so will do better next month. Hope you
understand.

Best of dx to all of you...bye now,

DEE

WOOPS SORRY..forgot one logging-

THE WESTERN WATCH

BIG WELCOME to all new and prospective AIPA ers! I know you'll enjoy our organization. You're invited to write any column editor or current members with your DX questions, etc.

JULY, I hope, brought you a goodly share of skip. In the West, the e-layer was active on almost if not every day of this mid-skip season month. Even during the predicted null, skip was hot!

DOUBLE-HOP e_s was scattered nicely thru-out July, appearing on at least 5 different days. July 8 was a banner day in this part of the country, bringing solid, 2,000 mile signals from 3 Louisiana stations with the M.U.P. reaching Ch. 4 and WWL-TV (2040 mi.) at the peak of the opening. The 17th - 19th was good also for double-hop exing. July went out swinging as the 28th saw double-hoppers on Chs. 2-4.

WHAT'S IN VIEW August, the last big skip month, should bring the keen-eyed dxer some more of that ol' double-hop business. Check the Channels! Also, don't miss out on probably the years greatest meteor shower occurring near the 11th. For the un-initiated - this means top dx as the meteor shower will produce exceptionally good M.S. (short flashes of reception) on all channels. Watch the hi-band and U.H.F. as well! - - -

I.D.X. Did anyone in the West notice any unusual conditions on June 30th? Five minutes of spanish on Ch. 2 was recorded here at 6:46 P.M.P.S.T. The nearest spanish-sponking Ch. 2 is XEW-2, 2400 miles distant. Doc Johnson noticed a similar situation on July 8.

VOTE OF AIPA THANKS to Art and King, our Pres. & V.P. respectively for the fine article in TV GUIDE. Also to Tom Ridley of Chicago for the writeup in the August issue of ELECTRONICS ILLUSTRATED now on your newstands. Both of these very well written articles are giving our organization a much deserved boost in membership. Keep up the good work fellows!

THE 1959 CONVENTION TAPE IS OUT Any AIPAer who has access to a tape recorder and would like to spend a really interesting hour should listen to this tape M.C.ed by Art Collins at the big get-together in Ohio in July. If you couldn't make the convention, this is the next best thing. Contact Art for further info.

2 FOR THE PRICE OF ONE The residents of Cannon Beach, Ore., a small coastal community about 70 miles from Portland, rely on a cable-TV system for their video fare. Even so, they are only able to get fair pictures from Ch. 6 in Portland. Well, a few weeks ago, one of the cable subscribers was complaining of getting "that darn Cheyenne station again." Seems that for 2 or 3 evenings, KPBC-5 was skipping in with such strength that the adjacent channel interference from its audio carrier was easily heard blocking out the Ch. 6 pix!

With the added emphasis on popular music these days, we think it only fair that we print a survey of the music the happy dxers are humming. So - as promised - here is the premiere of - - -

THE TV-DX TOP TEN This month's No. 1 tune is that all time George Gershwin favorite: SUMMER TIME AND THE LIVIN' IS ES-Z.

Well, unfortunately, (or fortunately as the case may be) we've run out of space - so til next month KEEP HAPPY AND KEEP DX-ING.

"WHO SAW WHAT...AND WHEN"

, Ron works past midnight, and has noted strong dx past midnite,
and wonders how much good dx in the evening he has been missing.
Lots...not especially in the past couple of weeks, but before
it was very good in the late evenings...afternoons..mornings,
heck, just anytime all most. Ron has 5 new Canadians verified,
with CHCT-2 having not replied yet. Thanks alot for the log
..sorry I almost forgot to type it up...

Say, GORDON SIMKIN..do you suppose your mystery KLIS-6 could
have been KRIS-6 in Corpus Christi, Texas? Could be.

Well, again..may I say..this is it for this month..
